DRK1800-61

As a creation of only two products, palm leaves and water, our compostable, disposable palm leaf plates and bowls are completely non-toxic and chemical free. While we can't promise that your meal will be guilt-free, we can promise that your dinnerware will be!

DURABLE & VERSATILE

Ver lerra palm dinnerware can withstand hot food, liquids and oils. Aside from acting as a natural insulator, our dinnerware will not leak or impart taste.

BIODEGRADABLE

VerTerra Dinnerware From Fallen Leaves will naturally biodegrade at home or in an industrial compost without using chemical agents.

MICROWAVE & OVEN SAFE

VerTerra Palm Dinnerware can withstand up to 2 minutes in the microwave on a high heat setting or up to 45 minutes in the oven on 350° as long as they are at least 6" from the heat source.

SUN RESISTANT

VerTerra's compostable, disposable palm leaf plates and bowls are completely sun resistant and perfectly safe to use at outdoor events, such as picnics,

BBQs and festivals.

SUSTAINABLE

Our dinnerware is made from fallen palm leaves (that would otherwise be burned), steam, heat and pressure. No plants or trees are cut or harmed during this process.

COMPOSTABLE

Apart from being BPI-certified compostable, tests have shown that soil containing VerTerra compost enhances plant growth by over 15%!

All sets come shrink wrapped!

All kits come with kraft sticker that can be personalized with company name or message on outside of packaging.

A portion of the proceeds from the purchase of Verterra branded items will be donated to the National Park Foundation.

Unparalleled Belgium Heritage Since 1926

Nearly 100 years after being founded in Brussels, we continue to honor our Belgian roots by ensuring that every piece of GODIVA is bursting with quality, Belgian craftsmanship, and the world's finest ingredients. Our Belgium 1926 logo reflects this spirit, paying homage to the time and place where our story first began. Today, GODIVA is the world's most iconic premium chocolate company, dedicated to opening people's eyes to a more wonderful world. What started in a humble home workshop in Brussels 95 years ago, is now available and beloved in more than 100 countries around the world.

An entrepreneurial spirit. A chocolate revolution. The perfect partnership.

When Lindt happened upon the secret in 1879 that would effectively put Switzerland on the map as a top-tier chocolate manufacturer, Johann Rudolf Sprüngli took notice. Today Lindt & Sprüngli is a household name signaling bliss, quality and chocolate delight the world over. Today, the Lindt & Sprüngli brands create a unique product world with more than 2500 products. Our quality products are made in 11 production sites in Switzerland, Europe and the US and are distributed via 28 subsidiaries, 500 own retail shops and a comprehensive network of more than 100 distributors in more than 120 countries. Despite its global growth, Lindt & Sprüngli remains Swiss in its roots – in fact, the Swiss remain the biggest champions with each citizen consuming on average one Lindor truffle a day.

an iconic American candy. M&M's is an abbreviation for the names of their creators, Forrest Mars and Bruce Murrie. Mars introduced the Peanut M&M in 1954, which was a significant year in the candy's history. The famous slogan "melts in your mouth, not in your hands" was introduced, and Mars unveiled the popular animated M&M's characters in television commercials. In 1998, M&M's became the "official candy of the Millennium," because MM means "2000" in Roman numerals. According to Mars, some 400 million M&M's are manufactured
